**EXAMINER'S AMENDMENT/REASONS FOR ALLOWANCE**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows: In the specification on line 3, paragraph 0002; the serial number "10/31980C" has been changed to --10/319800 --.

The above change to the specification corrects an obvious typographical error with respect to the serial number of a previously filed application.

2. The following is an examiner's statement of reasons for allowance: The prior art when taken separately or combined fails to teach or show with regard to claims 1-16 an illuminating system with an array of LED chips and an array of metallicly reflecting bins each having a clear input and output aperture with a first light redirecting means disposed beyond the array of metallicly reflecting bins and a second light redirecting means disposed beyond the first light redirecting means with each LED chip arranged so that it extends in and through the center of every clear input aperture. With regards to claims 17-40 the prior art fails to teach or show an optical system having a liquid crystal display device, a condensing system, an array of LED chips and an array of metallicly reflecting bins each having a clear input and output aperture with a first light redirecting means disposed beyond the array of metallicly reflecting bins and a second light redirecting means disposed beyond the first light redirecting means, and first and second polarization converting means.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen F. Husar whose telephone number is 571-272-2371. The examiner can normally be reached on M-W and F from 7:30-4:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Sandra O'Shea can be reached on 571-272-2378. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
